## EDUCATION

---

### MSc Computer Science

Sathyabama Institute of Science and Technology

📅 08/2023 - 05/2025📍 Chennai, India

### BSc Computer Science

Anna Adarsh College For Women

📅 08/2020 - 05/2023📍 Chennai, India

## EXPERIENCE

---

### Frontend Developer Intern - Least Action

📅 August 2025

- Built a reusable services card component in React with Tailwind CSS and dynamically rendered multiple service modules using map() for scalability and responsiveness.

## TECHNICAL PROFICIENCY

---

- **Languages:** HTML, CSS, JavaScript, Java.
- **Framework/Library:** Tailwind CSS, jQuery.
- **Developer Tools:** VS Code, Postman.
- **Databases:** MySQL.
- **Web Technologies / APIs:** REST API

## PROJECTS

---

### Agriculture Portal Using ML | HTML,CSS , JavaScript, Python ,PHP

- Developed a unique agriculture portal that leverages machine learning for efficient farming solutions
- Integrated ML models for crop prediction, fertilizer recommendation, yield forecasting, and rainfall prediction using Scikit-learn.
- Established seamless Python-PHP connectivity through REST APIs for data-driven dynamic functionality.

### Portfolio website | HTML, CSS , JavaScript

- Developed a responsive portfolio website to showcase front-end development skills.
- Implemented modern design using Flexbox and media queries for mobile-first user experience..

### Weather App | HTML, CSS , JavaScript, OpenWeather API

- Utilized the OpenWeather API in a web application to accurately identify various scenarios.
- Applied DOM manipulations to enhance application efficiency, interactivity, and user experience.
- Implemented real-time weather data visualization using temperature, humidity, pressure, and icons

### Image Search Engine | HTML, CSS , JavaScript, Unsplash API

- Created a tool for intuitive image searches with JS and Unsplash API integration.
- Implemented search filters and pagination for improved navigation and dynamic image rendering.

## CERTIFICATIONS

---

- Responsive Web Design-**freeCodeCamp**
- Object-Oriented Programming Onramp-**MATLAB**
- Java Foundation-**Oracle**
